

# TSVJoR

TechS Vidya e-Journal of Research

ISSN 2322 - 0791

Volume 2

(16 Aug 2013 - 15 Aug 2014)

An e-journal published by

**Vidya Academy of Science & Technology**

Thalakkottukara, Thrissur - 680501, India

(Affiliated to University of Calicut)

(A unit of Vidya International Charitable Trust)

An institution with

**the vision**

“Progress through education”

**and the mission**

“To seek, to strive and to achieve greater heights  
in engineering, technological and managerial education  
and not to yield on quality of education.”

# **TechS Vidya e-Journal of Research**

## **Volume 2**

**(16 Aug 2013 - 15 Aug 2014)**

With much hesitation we present this second volume of TechS Vidya e-Journal of Research before the engineering academic community of India.

With a lot of hope and much expectation we launched the inaugural issue of TSVJoR in August 2013. But, as many skeptics predicted, we could not live up to our initial enthusiasm and the response to the launching of the Journal was far, far below our expectations. But this has not dampened our spirits and we are steadfastly optimistic that TSVJoR would find a place in the world of science and technology research journals. The reasons cited by us for starting a new journal while launching the inaugural issue of TSVJoR continue to be relevant now also.

We believe that there is still much more to be published and disseminated. From an Indian point of view, there are not many such publications originating from Kerala. Considering the latent talent remaining hidden in the land of Sangamagrama Madhava it was thought that an e-journal of research would give a fillip and boost to the research efforts taking place in this part of the country. An accessible high quality neighbourhood journal is the dream that is guiding the launching of this journal.

With all humility we present Volume 2 of TechS Vidya e-Journal of Research before the engineering academic community and request everybody to help us serve you better by becoming partners in the advancement of engineering education in India.
